Number of handsets

Handset mounting Wall (qty) Table top (qty)

Intercom between handsets? Y / N

POWER SUPPLY AND CONTROL EQUIPMENT

Lockable power supply box Y / N

Battery back-up required? Y / N

Do require digital call Y / N

On larger systems a great deal of time can be saved by using digital call (with a conventional style push button panel). BUS2 system allows an audio door entry system to be connected on just 2 wire (not polarity consious).

Line isolated telephones Y / N

Line isolation means that any damage to cables or the telephone handset will NOT interfere with the operation of the system.

Please refer to **SRS Data Sheet 6SF Locking** for the correct locking device. A number of data sheets are available to help you choose the correct entrance panel.
